

## VANGUARD ELECTRONICS COMPANY

7412 Prince Drive Huntington Beach CA. 92647

November 19, 2009

Subject: Relocation of Vanguard facilities

To Our Valued Customers and Suppliers:

Vanguard Electronics is pleased to announce that we will be moving on Friday, November 20<sup>th</sup> from our current headquarters located in Huntington Beach, California to our new headquarters located approximately 1 mile south of our current location.

DSCC and other agencies have granted Vanguard initial approvals for the relocation of our facilities. Formal approvals are expected sometime during November or December, 2009.

### **HUNTINGTON BEACH - HEADQUARTERS**

**MOVED FROM:**

7412 Prince Drive  
Huntington Beach, CA. 92647  
Ph: 714 842-3330, Fx: 714-842-3306

**MOVED TO:**

17941 Brookshire Lane  
Huntington Beach, CA. 92647  
Ph: 714 842-3330, Fx: 714-842-3306

Vanguard's primary manufacturing facility located in Mexicali, Mexico was moved to its new facility earlier this month. The new Mexicali site is located approximately 1 mile east of the previous address; about 5-minutes from Mexicali International Airport and a convenient 2-3 minute trip from the US-Mexico border crossing. As with the Huntington Beach facility, all personnel, equipment, machinery, and contact information remain the same as before.

### **MEXICALI - PRIMARY MANUFACTURING**

**MOVED FROM:**

Av. Eucalipto # 2398-A  
Parque Industrial Calafia  
Mexicali, B.C Mexico C.R. 21259

**MOVED TO:**

Parque Industrial CALAFIA 2, Edificio 2  
Carretera a Islas Agrarias  
Colonia Mariano Abasolo  
Mexicali, B.C Mexico C.P 21600

Our established manufacturing processes will remain unchanged and we will continue operating within the framework of our ISO and AS9100 Quality Management System certification. There will not be any changes in personnel, equipment, or machinery currently being used. Our contact information, such as phone numbers, fax numbers, and email addresses will not change.

We are very proud of the new facilities that were designed for maximizing FOE and being environmentally friendly. New construction has allowed Vanguard to improve production flow and enhance FOD reduction through increased isolation of non-similar process/task areas.

As always, we welcome your visits and will gladly assist you in your audit processes, if required.

Regards,

Ricardo Gonzales  
Director of Quality Assurance  
Vanguard Electronics Co.
